That's right this property is cheap, cheap, cheap. With falling interest rates and first home buyer incentives, there will never be a better time to invest in your first home or expand your property portfolio. This two bedroom first floor unit would be a great step into the market or low maintenance downsize and comes complete with undercover parking. Situated on a bus route and with a general store right across the road, this property has the potential to be cheaper than renting a one bedroom cabin-what are you waiting for?

Price : \$ 178,000
