Picture perfect and aspect preferred, this well planned home has everything going for it.

And talk about location, how does this sound for your personal lifestyle needs?

A short easy walk to the shopping centre, restaurants and train station. Close to a great boat ramp and bowling club, and approximately 3 kilometres of gorgeous waterfront reserved to stroll along.

The area is predominantly flat and so easy to get around by walking, riding or using public transport.

The house is spacious with decks on both levels
