Throw away the car keys and buy yourself some comfy walking shoes because with a position like this rising petrol prices will never worry you. This beautifully presented 3 bedroom townhouse is located just a short 350metre walk to Woy Woy's main shopping centre, school across the road and the waterfront reserve is only 500meters away. When the longest you have to travel is a 5 minute walk why waste money on a car? Property features 3 bedrooms, large open planned living/dining room, modern kitchen and bathrooms, and a sunny north facing deck.
